AMENDMENT

Commissioner for Patents Washington, D.C. 20231

February 28, 2003

Sir:

The following amendments and remarks are respectfully submitted in connection with the above-identified application in response to the Office Action dated October 28, 2002.

IN THE CLAIMS:

Please amend claims 1, 2, 4, 10 and 17 as follows:

(amended) A semiconductor laser module comprising:

a semiconductor laser; and

control means for controlling wavelength of the light wave radiated from the

semiconductor laser, wherein

said wavelength is controlled by a heater which provides heating without providing cooling.

2. (amended) A semiconductor laser module according to claim 1, wherein said heater includes a heating element which provides no Peltier cooling.
